The Friendship of Deniza and the Seashell Was About to Begin

*Once upon a time, there lived a little girl named Deniza who loved the sea very much.
Her favorite thing was walking along the beach and listening to the sound of the waves.*

One day, Deniza was walking by the sea and found a seashell.
But this was no ordinary shell! The shell flashed and a tiny voice came from it:

"Hello Deniza! I am the protector of the Blue Sea. We need your help!" said

Deniza was surprised at first, but boldly replied:
"What happened? How can I help you?"

Problems of the Underwater World

She took the seashell in her hand to the sea. The shell flashed again, taking Deniza to the underwater world.

What Did Deniza See Underwater?

- ❖ **The fish** were upset.
- ❖ **The starfish** were pale.
- ❖ **Turtles**, on the other hand, try to get rid of the plastic bags stuck to their feet was working.

The Old Turtle and the Little Fish

They were trying to survive among the garbage that people threw into the sea, such as plastic bags and empty water bottles.

Deniza was very upset for the sea. She had to do something.
"That's when their voices were heard."

It was a call for help

The Old Turtle :

“Deniza, our sea is getting polluted. People are throwing their trash into the water. We can’t breathe and our home is disappearing,” said.

“The Little Fish’s Whisper” :

“Everything can change with your help.”

Deniza ;

She thought

She decided

And she took action

She ran to school because she knew she could get the support of Class 1-G

“Friends!” she said excitedly. “The sea creatures are asking for help. We can save them!”

 Her friends were surprised at first, but then they all shouted together,

‘Yessssss!’

Their teacher, Ms. Lale, loved the idea too and decided to help her class.

They immediately planned a Sea Clean-Up Day.

The Sea Clean-Up Day had finally arrived.

 1-G Class

Their teacher, Ms. Lale, decided to organize an event. Together, they held a 'Sea Clean-Up Day.'

The children put on their gloves, grabbed their trash bags, and went to the beach. Each one worked for a sea creature: Mira for the whales, Emir for the starfish, Kamila for the crabs...

They collected plastic bottles, bags, old toys, and all the trash people had thrown into the sea. At last, the beach was sparkling clean. Deniza picked up the seashell again, and the tiny voice was heard once more:

Kindness had brought gratitude.

♥ The Seashell spoke on behalf of all the sea creatures:

“Thank you, Class 1-G! Our sea has started to breathe again thanks to you. But don’t forget us, come back again.

By the way... tell everyone: please, nobody should pollute our sea.”

Fish

Sea Stars

Turtles

The school principal, Mr. Sami, gave medals to the entire class. They were now the friends of the sea.

CLASS 1-G:

FRIENDS OF THE SEA

- ✓ The beach was cleaned.
- ✓ The sea creatures were rescued.
- ✓ She was ready for a new adventure with her friends.
- ✓ Protecting nature was more beautiful together.

Protect Nature, Value It, Respect It

♥ Main Message ♥

“Protecting nature is our duty. When we are together, anything is possible.”

Everyone can help protect nature by starting with small steps.

As communities, we can make even greater changes.

Teaching others also plays an important role in protecting nature.
